The Skirball Cultural Center and Museum

Hailed by *The New York Times* as "a lesson on how to connect the eye to heart and mind," the Skirball Cultural Center has established itself as one of the world's most dynamic Jewish cultural institutions, and among the leading cultural venues in Los Angeles. Its mission is to explore the connections between four thousand years of Jewish heritage and the vitality of American democratic ideals. It seeks to welcome and inspire people of every ethnic and cultural identity in American life. Guided by our respective memories and experiences, together we aim to build a society in which all of us can feel at home.
